Carma Des Alpes Milk Pastils

The Blend Of Origins
creating distinctive couvertures.

Carma's Swiss Top couvertures combine cocoa beans of superior origin to create an exquisite blend, the Blend of Origins. Each of their couvertures, therefore, has an unmistakable character, distinguished by the aromas of the cocoa beans used.

The taste profile is perfectly rounded off by the use of pure cocoa butter, natural vanilla and the highest-quality Swiss milk. Swiss Top couvertures are reliable and easy to work with. They exhibit high temperature tolerance on tempering which guarantees the best sheen, the finest glaze and the perfect snap.
